

POLICY

FRANKLIN TOWNSHIP BOARD OF EDUCATION

File Code: 2000/2010

CONCEPTS AND ROLES IN ADMINISTRATION; GOALS AND OBJECTIVES

The board of education shall establish policies that govern all aspects of district operations. The board expects the educational administration to direct, coordinate and supervise pupils and staff in their efforts to reach goals and objectives adopted by the board.

Within the guidelines of board policy, negotiated agreements and New Jersey law, the board expects the educational administration to:

- A. Provide up-to-date information and professional advice to the board, as an aid in decision making;
- B. Plan, organize, implement and evaluate the educational programs established by board policy, in order to provide quality educational opportunities to the pupils of the district;
- C. Provide quality educational opportunities within budgetary guidelines.
- D. Use efficient administrative and management procedures including supervision and evaluation of teaching staff, pursuant to law and regulations, and developed after consultation with the board, administrators and appropriate staff members;
- E. Act as liaison between the district and the community.
- F. Keep the board informed of all new legislative actions or changes in code and statute which affect the policies, programs or operations of the district.
