Re: Assisted Parent Drop Off/ Pick Up

Dear Parents/Guardians:

Franklin Township School is pleased to offer Assisted Drop Off. If you are a parent who has more than one student in Grades PK-1, a student with special needs, or if you have a Handicap Placard for your own use, the teachers at Parent Drop Off can assist you. The teachers will assist your child(ren) getting into and out of the car. If assistance is needed for buckling a seat belt, a parent/guardian must assist the child.

By returning this form, teachers on duty will be notified to assist you. You will also be given a new Windshield Placard with your name and a symbol indicating you need assistance.

Please contact me with any questions or concerns.

Sincerely,

Lindsay Gooditis

I meet the requirements for Assisted Drop Off.
