She loves him, she explains, because of how he plays, tickles, squeezes, chases, even roughhouses with her. She loves him because whenever she's afraid at night, she knows she can always find him, and he'll make her feel better. The verse Cobb has penned is appealing and... ☐ **11** *Pirates: Legend of the Snarlyfeet* is a follow up to Daryl K. Cobb's "Do Pirates Go To School?" This is a fun adventure that follows Pirate Pete and his friends to the mysterious land of Hoganthal in a search for buried treasure. Readers will be introduced to the most feared animal on the island, the dreaded Snarlyfeet, and . . . they will just love them. A Zesty Journey into the World of Grapefruit

While it's definitely not a grape, a grapefruit is a citrus fruit that received its name because it grows in clusters on trees, like grapes. Sometimes as many as 25 fruits hang in a cluster from a tree!

There are three major types of grapefruits: white, pink/red and star ruby/rio red. These colors indicate the color inside of the grapefruit. The pink and red varieties of grapefruit contain more vitamins than the white grapefruit. Red grapefruit contains over 20 times more vitamin A than white. Vitamin A is important for cell growth and development, for fighting off diseases and for good vision. If you haven't had a grapefruit before, try having one this month since it is National Grapefruit Month! You can eat it as it is or even add it to salads!

Dietitian's Pick

Sweet potatoes are a root vegetable that come in different colors such as white, yellow, orange, red or even purple. Sweet potatoes are high in beta-carotene which is converted to vitamin A in our body. They are also high in potassium which balances the fluids in your body and is important for normal blood pressure, muscle growth and the functioning of the brain and nervous system. Baking sweet potatoes preserves their natural sweetness making them a delicious choice for a nutrient-dense side, snack or main course!

3. Let cool, then split the tops open with a knife and top with a pat of butter.
