

Who are Franklin Township School's ***Stellar Students*** ?

Each one of them! We have a bunch of wonderful students at FTS, and this year we have a new PTA sponsored committee called **Stellar Students**.

Stellar Students is a way for our awesome FTS students to 1) be recognized for the great things that they do outside of the classroom and 2) have opportunities to spread their wings a bit and enter national contests in their areas of interests.

You can make sure your **Stellar Student** is reaching for the stars and being recognized for it in a couple of ways:

- Let us know of any special achievements of your child. For example, an award in a competition, a newspaper article about a service rendered, a scout rank advancement, a martial arts belt, etc. Send the spotlight in to your child's homeroom teacher with ATTN: Ms. Stumpf or email Ms. Stumpf at kstumpf@ftschool.org . She will then post the accomplishment on our **Stellar Student** bulletin board, which is on the wall by the parent pick up doors.
- Encourage your child to enter contests that interest them. There is a new link on the FTS website on the right hand side quick links that is called "**Student Contests**." By clicking on this link you can find all of the contests that are currently available for entry and the links for all of the entry information. These contests will come and go throughout the year, so check often. The contests are also posted on the **Stellar Students** bulletin board for the students to see. Some teachers are even offering extra credit for students who enter various contests. It is a great way for your child to do something new that interests them, and maybe win a prize along the way!

If you know of contests or opportunities for our students to enter, or if you would like to help find contests for our students, please email Kim Thompson @ kimberly_marie_thompson@yahoo.com. Thanks!
